## Planning Process

Mastery's improvement planning process continues throughout the year and includes all levels of staff. Key steps in the process are:

1. **Establish Goals** Goals are established each summer. This involves:
  - o Updating the goals described in the charter
  - o Adding new goals based on the information gathered from the year end wrap-up process. The goals are drafted by the CEO and school leadership team.
2. **Board Approves Goals** Annual goals are reviewed first by the Executive Committee and then adopted by the Board as a whole.
3. **Goals are Discussed with Teachers** Annual goals are discussed and reviewed by the entire teaching staff. Performance metrics are set, action plans are developed, and committees are organized as needed. When appropriate, goals may be modified after teacher input.
4. **Incremental Progress Reviews Every Nine Weeks** Every nine weeks a professional development day is held to review benchmark test results, grade data, and analyze other pertinent information. The school leadership meets one-on-one with teachers, in subject teams, and as a school staff. Trends and issues are discussed and problem-solved.
5. **Semester Data Review** Course grade data, test score results, discipline records, and student withdrawal data are reviewed during the semester break by leadership and staff. Patterns and areas of concern are highlighted and solutions proposed. Standardized test score data are analyzed in the late spring when test results become available.
6. **Whole Staff Review Year End Data and Propose Lessons Learned** The whole staff meets for two days at the end of the school year to review data for the year and discuss lessons learned. Performance versus the metrics is reviewed. Proposals for programmatic improvements are proposed and discussed. These proposals are developed throughout the summer by leadership and staff.
7. **Committees Meet to Draft Report** – Over the summer committees meet to draft plans for the coming year. The committees are composed of relevant stakeholders depending on the topic.
8. **Plans are Circulated for Feedback** – Before being finalized, all draft reports are submitted to stakeholders for review and comment. If necessary, final changes are made and plans are adopted by the Board.

This continuous improvement process enables Mastery Charter to identify patterns as they emerge. Weak areas in our program are surfaced during the year and problem-solved in a continuous cycle of goal setting, data collection, and review.

## Mission Statement

All students learn the academic and personal skills they need to be truly prepared for postsecondary success and able to pursue their dreams.

## Vision Statement

Mastery schools are joyful, authentic communities where students learn how to think critically and act independently so they are truly prepared for postsecondary success.

## Shared Values

### MASTERY VALUES

#### 1. Student Achievement -- Above All

Student achievement is the civil rights issue of our time and the reason we exist. Each staff member is responsible for our students' success.

#### 2. We Serve

We serve students and their families first. Our business is their success.

#### 3. The High Road

We do the right thing. We are fair and treat folks with respect.

#### 4. Grit

Our students' futures are at stake — we don't give up. We do more with less. If it doesn't work, we fix it. We find a way.

#### 5. Joy and Humor

Our positive, caring culture supports student and staff success.

We like fun. We love to laugh.

#### 6. Straight Talk

We face reality, communicate honestly and respectfully, and hold each other accountable.

## 7. Open Doors

Everybody is welcome to talk to anybody. We are open and transparent.

## 8. Continuous Improvement

We seek a better way -- always. We are engaged in an ongoing cycle of goal setting, action, measurement, and analysis.

## 9. One Team

We are in this together. We may disagree, but at the end of the day, we support each other 100%

## Educational Community

Mastery CS – Francis D. Pastorius Elementary is a turnaround school based on the model developed by Mastery Charter High School -- Lenfest Campus (founded in 2001). Mastery’s mission is to prepare urban youth for success in higher education and the global economy. Mastery Charter was selected by the Pastorius Renaissance School Advisory Council for complete restart in April 2013. The school currently serves approximately 550 students in Kindergarten through 8th grade in the Germantown section of Philadelphia.

The 2013-2014 school year was Pastorius’ first year as a turnaround charter school, part of the School District of Philadelphia’s Renaissance Schools initiative. During this year, everything from facilities to staffing was transformed as part of the turnaround.

Everyone at Pastorius is guided by five core values – Respect, Responsibility, Hard Work, Teamwork, and Kindness. These values, along with the relentless pursuit of increasing student achievement, define our school community.

## Board of Trustees Professional Development

New Board members are oriented to the Board's role and responsibilities by Mastery's Board Chair. Mastery's legal counsel attends Mastery's board meetings and reviews Board governance responsibilities and ethics considerations. The school complies with Sunshine Law requirements by posting our meetings in the Philadelphia Daily News at the beginning of the school year. Finally, the Board approved a resolution stating Mastery's compliance with the Public Officials Act; all members complete the Statement of Financial Interest as required by the Public Officials Act.

## Governance and Management

Mastery's CEO Scott Gordon is appointed by the Board and is responsible for the day-to-day operations and management of the school. Mr. Gordon supervises the Principal who is responsible for academic leadership and supervision at the school. Mr. Gordon reports directly to the Board and speaks regularly with the Board Chair and the Executive Committee of the Board. Key issues - such as the overall business plan, curriculum strategy, standards, annual budget, hire approval, and the school's discipline posture - are discussed and decided at the Board level. The Board has the following committees that meet on an ongoing basis between Board meetings:

- The Executive Committee of the Board meets monthly and is empowered to act in the Board's behalf when Board oversight is required between Board Meetings. The Executive Committee handles

outstanding student issues, disciplinary hearings, and parent complaints. The committee also nominates prospective Board members, and conducts the CEO's annual review.

- The Finance Committee of the Board supervises the financial processes and reviews monthly financial statements. The Audit Committee, which is a subcommittee of the Finance Committee, supervises the audit.
- The Development Committee is responsible for coordinating Mastery's fundraising efforts.
- The Strategic Planning Committee advises the Board and CEO on key leadership, organizational and strategic direction issues.
- The Academic Committee provides input oversight of the school's academic program.
- The Community Committee provides input into the schools efforts to engage parents and the larger community.

#### RELATIONSHIP WITH SCHOOL DISTRICT OF PHILADELPHIA

Mastery enjoys a good working relationship with the School District of Philadelphia (SDP) as our authorizer. Mastery's CEO and key staff have met with members of the District leadership on several occasions this year to discuss ways Mastery could effectively work with the School District. Mr. Gordon speaks regularly with the charter school office and key departments within the District if any issues arise.

## **Student Enrollment**

Student Enrollment at Pastorius-Richardson Mastery Charter School is predicated on meeting specific parameters:

- Turning 5 years old by September 1 of the enrolling school year.
- Attending grades Kindergarten-8th
- Residing in the Pastorius catchment area (based on the data from School District of Philadelphia- [https://webapps.philasd.org/school\\_finder/](https://webapps.philasd.org/school_finder/)) or are siblings of an actively enrolled student at the school.

Students who meet these parameters can apply to attend Pastorius-Richardson Mastery Charter School.

Students are brought in on a rolling basis after completing/submitting the required documents for the school, including:

- Charter School Student Enrollment Notification Form
- Act 26 Form
- Home Language Survey
- Proof of Residency
- Proof of Age (Birth Certificate or equivalent)

Immunization documentation (matching PDE regulations)

Explanation of diagnostic, intervention and referral services:

#### Identifying students in need of services

All Mastery schools have a systematic Multi-Tiered System of Supports (MTSS), that ensure appropriate and timely interventions for both academic and social emotional concerns. Academic concerns are managed through our Response to Instruction and Intervention – RTII model and/or social emotional concerns are managed through our Intervention & Referral System – I&RS model.

The Mastery model includes three tiers of intervention. The first tier occurs at the grade-level. Mastery grade or content teams meet regularly and discuss students of concern (i.e., students who are having academic concerns or exhibiting behavior concerns). These interventions are tracked by each grade team leader. Relevant measures (e.g., homework completion rates, test scores, behavioral infractions) are used to examine whether interventions are having an effect.

The I&RS and RTII teams at each school review these interventions and also attend these grade team meetings in order to provide suggestions for intervention.

If students do not benefit from intervention at the first tier, they are discussed by the I&RS and RTII team for development of further interventions. In addition, any students experiencing mental health or drug/alcohol problems are referred directly to the I&RS team, which is considered to be Tier II of our process. At Tier II, parents/guardians are included in order to provide information about their child and to help develop the team's interventions. Students are considered to move to Tier III in the I&RS program any time a referral is made to an outside service, such as an outpatient therapist, medical specialist, or school psychologist for psychoeducational evaluation. Mastery partners with Northwestern Human Services (NHS) and the City of Philadelphia's Department of Behavioral Health Office of Addiction Services (OAS) to provide a SAP assessor/liaison to Mastery's I&RS teams.

All Mastery schools follow state guidelines for the Student Assistance Program (SAP) consistent with BEC 24 P.S. §15-1547.

### Mental, Emotional, and Social Support Staffing

School social workers: Each Mastery school has at least one full-time school social worker. Among the social workers' responsibilities are the following: working with a caseload of at-risk students, serving as each school's McKinney Vento (homeless) coordinator, serving as the school's liaison with DHS, handling behavioral health crises, serving as the school's coordinator of outside services (e.g., local hospitals, mental health providers, & STS programs); working with students who experience loss of a family member; and serving as the school's SAP coordinator.

Counselor/mental health therapists: In addition to social workers, Mastery schools have full-time counselors/mental health therapists. These positions have been contracted with an outside organization, Resources for Human Development, Inc. (RHD) since the 2009-2010 academic year. The counselors/therapists provide counseling mainly for students who require counseling as part of their IEP requirements. They also see some students for short-term therapy and conduct skills and other groups.

Mastery does not have school counselors per se, but the two roles mentioned above combine the tasks of a traditional school counselor. When considered together, the average ratio of student support professionals to students in Mastery schools is 1:275. This ratio is consistent with the recommended ratio of school counselors to students made by the American School Counselor Association, which recommends a ratio of one school counselor to 250 students (<http://www.ascanationalmodel.org/Ascanationalmodel/media/ANM-templates/ANMExecSumm.pdf>).

In addition to the on-site staff mentioned above, Mastery has referral partnerships with many mental health and social service organizations including DHS, Joseph J. Peters Institute, Intercultural Family Services, Fairmount Behavioral Health, Dr. Warren E. Smith Centers, NHS, RHD, Interac, and the Consortium.

### ***Food Service Program***

Describe unique features of the Charter School meal program

Mastery Charter Schools participate in the National School Lunch Program and the Community Eligibility Provision. Mastery Charter Schools contract with a Food Service Management Company and all students have access to free breakfast and lunch.

### ***Safety and Security***

Describe the essential Charter School policies, procedures, and practices that are implemented to provide security and safety for Charter School students, staff, and visitors:

Mastery prides itself on the security and safety of each and every one of our campuses. Our attention to safety is nonstop, it doesn't matter if it is on the way to, during or from school, we do everything we can to ensure our community is safe. All Mastery schools are staffed with full Culture Teams, comprised of an Assistant Principal, Deans and Assistant Deans. This dedicated team is present and observed addressing any safety concerns, proactively and in-the-moment, during morning entrance in the neighborhood, at the front door all day, in the hallway, at the lunchroom, facilitating detention, supervising an event, and escorting students home from school at the end of the day. If having a full-time staff addressing safety every minute of the day isn't enough, Mastery has placed high end security systems in each of our schools to help support the Culture Team's efforts. The technological support comes in the form of surveillance cameras, security doors, and a strict student and staff ID system. Collectively, the staffing and IT together, make for extremely safe schools, however, Mastery cares so much about ensuring our students, staff and parents are safe, each of our campuses partners with their local Philadelphia Police precinct. This partnership allows for Mastery to have police presence anytime necessary. Whether adding extra support before or after school, being present at a meeting with a parent and student, or responding proactively to a potential threat of violence, both the police department and Mastery do whatever it takes to keep our schools safe.

Describe the charter school's transportation program. Include in the discussion whether the charter school, the school district, or a private company operates the transportation program. Also, include a description of transportation accommodations for special education students and suggestions for improvement to the program: Describe the requirements students must meet in order to be eligible for free transportation.

Mastery students are provided transportation in the form of SEPTA Weekly Student Transpasses or yellow school busses (at certain schools) if the student lives more than 1.5mi from the school. This distance is calculated by the School District of Philadelphia based on the address on file for the school and the address entered into the SDP Infinite Campus database by the school site. The School District of Philadelphia then pushes address data for students to its Compass website, where distance is calculated and a list of all students eligible for transportation is published.

For students receiving transpasses, Dunbar Armored Car Services delivers a package of School Transpasses in a count that matches the list in Compass for the next full month during the last week of the previous month (i.e. the September transpasses arrive the last week of August). The APO then divides out the transpasses to the appropriate students, with no students

receiving passes if they aren't on the District-generated list.

For students receiving yellow bus transportation, routes/stops are assigned on Compass and also sent home to families. The School District of Philadelphia is responsible for these routes; the APO provides monitoring & feedback to the District and vendor, in conjunction with the rest of the school leadership team.

If a student changes addresses, the address is changed in our eSchool database, as well as Infinite once proof of residency is received. If a student is found to have an address listed in Infinite that is further than 1.5mi from the school but is not listed to receive a transpass, the AP-Operations submits a Transportation Action Request (TAR) on the Compass website. For students who attend alternative placements, this alternate location must be identified in Infinite to enable that student to receive transportation.

For students who need specialized transportation supports based on their IEPs, the AP-Student Support Services coordinates appropriate transportation needs. These structures can include:

- Outreach to the SDP Transpass team for a transpass to match the IEP needs, regardless of distance from the school.
  - Outreach to the SDP Transportation team to create a specialize yellow bus route to match the IEP needs, regardless of distance from school
- Contract and manage taxi transportation for individual students, as needed based on IEP needs.

## ***Collaboration for Interventions***

Describe the collaboration between classroom teachers and individuals providing interventions regarding differing student needs and academic progress.

Collaboration for Interventions happen in a variety of ways. At the Tier 1 level, grade team and/or content teachers meet weekly to plan and to discuss students displaying academic concerns. These meetings are designed to ensure there is ample time for teachers to prepare

for each student and continue to develop strong teaching. Additionally, a special education teacher joins these meetings and provides recommendations for additional tier 1 interventions that can be implemented at the tier 1 level. In addition, each core teacher meets with the Assistant Principal of Instruction (API) biweekly to review their lesson plans. At these planning meetings, the API and the teacher design additional supports for specific students who are displaying academic concerns. The student's response to these tier 1 interventions is tracked for effectiveness.

When a student does not respond to a set of Tier 1 interventions, for multiple weeks, the student is referred to the Response to Instruction and Intervention (RTII) team. This team, led by the Assistant Principal of Specialized Services (APSS), reviews the data of the student, including both implemented interventions, length of intervention, and response to intervention, and the team determines if the student should continue with additional Tier 1 intervention, or be accelerated to a Tier 2 intervention. This determination is communicated back to the general education teacher.

If the student is moved to a tier 2 intervention, the student is assigned into a researched based academic intervention. Mastery schools systematically utilize data to determine which intervention is appropriate for each student. A student's current grade, area of, and current functioning level are all considered with prescribing an intervention.

These interventions are tracked for effectiveness, and data is reviewed at a minimum 4 times per year. At each data review, the RTII team determines if the intervention should be continued, decreased, or changed based on the student's response. These determinations are reviewed with the core teacher to ensure alignment.

### *Community and Parent Engagement*

Describe the Board of Trustees' efforts in promoting opportunities for community and parent engagement in school activities.

Mastery is committed to developing and implementing a yearly parent and community outreach plan that is specific to each school. Parent engagement and leadership is a major priority and is part of our 5-year strategic plan. Mastery families have several opportunities to engage with their schools and to collaborate in working together to address community concerns. Parent Action Teams at each of the Mastery Schools provide the opportunity for parents to develop their leadership skills and work together with other parents and the school leadership to address issues of concern whether they be in the school or neighborhood or even things shared across schools, such as student safe passage to school. Parents continue to be actively involved in School Advisory Councils and Parent Associations, including volunteering in classrooms, organizing school and community events and programs and doing activities that support student achievement. In addition, parents from all Mastery schools come together to create the "Mastery Parent Advisory Council" to both elect members to the Mastery school boards and to play a more significant role in providing feedback to the CEO and school boards of the schools and getting involved in quality improvement projects network-wide.

### *Community Coordination*

Describe how you accomplish coordination with community operated infant and toddler centers, as well as preschool early intervention programs. In addition, describe the community coordination with the following before or after school programs and services for all grade levels, including pre-kindergarten, if offered, through grade 12.

1. Child care
2. After school programs
3. Youth workforce development programs
4. Tutoring

Mastery recruits parents of Kindergarten age students who live in our charter catchment (determined by the School District as part of the restart) in the early spring of each year. First, we ask currently enrolled families if they have younger siblings who intend to enroll. We then work with the District-operated Head Start program located in our school building. Our third step is to market heavily within the catchment (door-to-door canvassing, area churches, advertising in the community paper). We enrolled 20% more kindergarten students in our first year under the restart and feel confident we have a solid approach to marketing to our local community. We run a series of optional Saturday sessions for pre-K students in the spring prior to the year they will enroll to begin to introduce them to our school model and a leadership team member is available for walk-in questions or calls from families at any time. In the summer prior to enrollment, we host a neighborhood block party for parents to get to know the new parents and our fall orientation for new Kindergarten students includes parents for part of three days in August. Kindergarten parents are a special focus during the fall semester when we introduce them to all the ways Mastery parents can be involved in the school and communicate with their child's teacher or principal.

1. Mastery does not provide child care services.
2. A variety of clubs and sports are available to students after school.
3. In 10th grade all Mastery students must complete a workplace internship and take a course in workplace preparation.
4. Tutoring and academic support services are available for students most days after school.

### *Preschool Agency Coordination*

Explain how the LEA coordinates with agencies that serve preschool age children with disabilities.

1. Address coordination activities designed to identify and serve children with disabilities and the supports and accommodations available to ensure both physical and programmatic access.
2. Address pre-kindergarten programs operated directly by the LEA and those operated by community agencies under contract from the LEA.
3. Describe how the LEA provides for a smooth transition from the home setting and any early childhood care or educational setting the students attend, to the school setting.

**Address coordination activities designed to identify and serve children with disabilities and the supports and accommodations available to ensure both physical and programmatic access.**

The Leadership Team at the school, specifically the Assistant Principal of Specialized Services, is responsible for carrying out Child Find responsibilities as they pertain to preschool children. Mastery Charter Schools partners with Elwyn (early intervention provider), the Center for Autism, and the School District of Philadelphia during the transition process to ensure all needed services are procured for the start of the school year and students/families feel confident about their child's entry into school-age services. In late January, the School District of Philadelphia notifies Mastery Charter of the students residing in their catchment areas. Additionally, Mastery Charter also carefully reviews enrollment packets of incoming students to check if a parent/guardian indicates on the school enrollment packet that his/her child receives special education services. This double-check system ensures that all students receiving early intervention services are identified and served according to their individual needs. Annual preparation that occurs to prepare for the incoming kindergarten students receiving early intervention services includes scheduling all needed related service therapies, completing classroom/school modifications, purchasing needed curricular materials, and training faculty and staff. It is worthwhile to note that within the Mastery Charter Schools network we have internal access to a number of low-incidence classrooms including multiple disabilities support, life skill support, and Autism Support. This is a point of pride for our network as it means we can genuinely serve all students within our family of schools.

**Address pre-kindergarten programs operated directly by the Charter School and those operated by community agencies under contract from the Charter School.**

At this time, we do not operate or contract with any community agencies to operate any pre-kindergarten programs.

**Describe how the Charter School provides for a smooth transition from the home setting and any early childhood care or educational setting the students attend, to the school setting.**

In February, individual schools host early intervention breakfast meetings with the parents/guardians. The meeting is a forum for parents to establish a relationship with the Assistant Principal of Specialized Services who will lead them through the early intervention transition process. During the meeting, parents are encouraged to ask questions and are

presented with a Permission to Reevaluate and an enrollment packet. After the breakfast meetings, the Assistant Principal works with the parents/guardians to schedule the transition evaluation with the school psychologist and relevant related service providers. Once the evaluation is completed, the IEP team convenes to review the reevaluation report, draft the IEP, and finalize all needed supports and services for the upcoming school year. In general, all IEP meetings and placements are finalized by June 1.

Mastery Charter Schools provide professional development in several venues to all staff, including Orientation, weekly school-based sessions, feedback conversations with administrators, team meetings, and centralized content and collaboration meetings. Our weekly professional development sessions address observed needs of teachers, including content knowledge development and development of research-based and culturally competent teaching skills. Teachers also receive detailed training on several methods of classroom-based assessment. Throughout the year all staff receive training on diversity and cultural context which is essential and empowers them to build strong relationships with our parents and members of the community. Administrators and apprentice administrators also receive regular team-based and one-on-one professional development from Regional Directors. Regional Directors provide administrators training on strategic planning, using data, and managing staff, with an emphasis on observed needs in the school.

Provide brief explanation for strategies not selected and how you plan to address their incorporation.

We do not currently serve these grades in our school.

### ***Strategies Ensuring Fidelity***

*Checked answers*

- Professional Development activities are based upon detailed needs assessments that utilize student assessment results to target instructional areas that need strengthening.
- Using disaggregated student data to determine educators' learning priorities.
- Professional Development activities are based upon detailed needs assessments that utilize student assessment results to target curricular areas that need further alignment.
- Professional Development activities are developed that support implementation of strategies identified in your action plan.
- Clear expectations in terms of teacher practice are identified for staff implementation.
- An implementation evaluation is created, based upon specific expectations related to changes in teacher practice, which is used to validate the overall effectiveness of the professional development initiative.
- The LEA has a systemic process that is used to validate whether or not providers have the capacity to present quality professional development.
- Administrators participate fully in all professional development sessions targeted for their faculties.
- Every Professional development initiative includes components that provide ongoing support to teachers regarding implementation.
- The LEA has an ongoing monitoring system in place (i.e. walkthroughs, classroom observations).
- Professional Education is evaluated to show its impact on teaching practices and student learning.

*Unchecked answers*

*None.*

Provide brief explanation of your process for ensuring these selected characteristics.

Mastery Charter Schools' administrators, including the Curriculum team, regularly evaluate student performance and determine instructional areas needed for teacher development. A strategic plan for weekly professional development is then created based on that evaluation. Disaggregated data, including data by grade level and special education status, is used to target the areas of greatest need.

The schools use "Instructional Standards," a document that standardizes our expectations for instruction and assessment practices, to ensure expectations are clear to all teachers. All professional development is followed up by evaluation procedures, including formal evaluations, walkthroughs, and data reviews to determine effectiveness.

Building administrators either provide or attend all professional development. Building administrators as well as central coaches provide ongoing support related to all professional development sessions offered.

Provide brief explanation for strategies not selected and how you plan to address their incorporation.

***Induction Program***

*Checked answers*

- Inductees will know, understand and implement instructional practices validated by the LEA as known to improve student achievement.
- Inductees will assign challenging work to diverse student populations.
- Inductees will know the basic details and expectations related to LEA-wide initiatives, practices, policies and procedures.
- Inductees will know the basic details and expectations related to school initiatives, practices and procedures.
- Inductees will be able to access state curriculum frameworks and focus lesson design on leading students to mastery of all state academic standards, assessment anchors and eligible content (where appropriate) identified in the LEA's curricula.
- Inductees will know and apply LEA endorsed classroom management strategies.
- Inductees will know and utilize school/LEA resources that are available to assist students in crisis.
- Inductees will take advantage of opportunities to engage personally with other members of the faculty in order to develop a sense of collegiality and camaraderie.

*Unchecked answers*

- Inductees will effectively navigate the Standards Aligned System website.

Provide brief explanation of your process for ensuring these selected characteristics.

Our Inductees receive a week long orientation prior to the start of school where sessions are focused on research-based culturally competent instruction and classroom management practices from our Instructional Standards. Inductees also receive training in expectations for instruction in their grade and course, including expectations for rigor of student work and any new initiatives during orientation and throughout the year. Inductees learn to access and use Mastery Charter Schools' curriculum guidance materials, which are built upon PA curriculum frameworks. Inductees receive one cycle of formal coaching and are offered the opportunity to hone their classroom management practices with additional professional development offered centrally four times throughout the year.

Provide brief explanation for strategies not selected and how you plan to address their incorporation.

While information about how to access SAS has been provided to school leaders, usage of the materials/resources on the SAS is not part of any mandated student achievement planning processes.

## *Needs of Inductees*

### *Checked answers*

- Frequent observations of inductee instructional practice by a coach or mentor to identify needs.
- Frequent observations of inductee instructional practice by supervisor to identify needs.
- Regular meetings with mentors or coaches to reflect upon instructional practice to identify needs.
- Student PSSA data.
- Standardized student assessment data other than the PSSA.
- Classroom assessment data (Formative & Summative).
- Inductee survey (local, intermediate units and national level).
- Review of inductee lesson plans.
- Review of written reports summarizing instructional activity.
- Knowledge of successful research-based instructional models.
- Information collected from previous induction programs (e.g., program evaluations and second-year teacher interviews).

### *Unchecked answers*

- Submission of inductee portfolio.

Provide brief explanation of your process for ensuring these selected characteristics.

Mastery Charter Schools' inductees receive supports which are based on the needs of inductees. New teachers work with a coach who observes and debriefs with them regularly. New teachers participate in intellectual preparation meetings led by their site or central administration. Building administrators also conduct frequent walkthroughs, as well as formal observations, and debrief with new teachers. New teachers are also surveyed at least once per month with regard to their professional development wants and needs. Finally, several types of student data are used to identify needs, including prior year PSSA data, interim formal assessment data, and formative classroom assessments.

Provide a brief explanation for strategies not selected and your plan to address their incorporation.

At this time, submitting teacher work in portfolio form is still in the planning stage.

## *Mentor Characteristics*

### *Checked answers*

- Pool of possible mentors is comprised of teachers with outstanding work performance.
- Potential mentors have similar certifications and assignments.
- Potential mentors must model continuous learning and reflection.
- Potential mentors must have knowledge of LEA policies, procedures and resources.
- Potential mentors must have demonstrated ability to work effectively with students and other adults.
- Potential mentors must be willing to accept additional responsibility.
- Mentors must complete mentor training or have previous related experience (e.g., purpose of induction program and role of mentor, communication and listening skills, coaching and conferencing skills, problem-solving skills and knowledge of adult learning and development).
- Mentors and inductees must have compatible schedules so that they can meet regularly.

### *Unchecked answers*

Provide brief explanation of your process for ensuring these selected characteristics.

Our pool of mentors is mostly comprised of coaches who are former or current teachers with outstanding work performance. Our mentors are selected via a competitive process. They are selected based on demonstrated excellence in the classroom, including demonstrated student achievement and knowledge of research-based instructional practices. They receive significant additional training in coaching and conferring skills in order to be as supportive as possible to inductees. Coaches are evaluated based on their effectiveness to coaching, measured by success on coaching goals, administrator review, as well as feedback from the inductees themselves, indicating whether they feel supported and have improved as a result of working with their coach.

### ***Monitoring and Evaluating the Induction Program***

Identify the procedures for monitoring and evaluating the Induction program.

The Director of Coaching and Professional Development for Mastery Charter Schools manages the induction program for all schools in the network. This person uses several data sources from all schools to monitor the program effectiveness:

- teacher observation feedback trends from building administrators on the Instructional Standards
- survey data from inductees, regarding the areas in which they want training and whether they feel trainings are effective
- input from coaches and building administrators who interact one-on-one with inductees
- walkthroughs and observations of inductee classrooms
- formative and classroom assessment data that reflects learning of students in inductees' classrooms

### ***Recording Process***

Identify the recording process for inductee participation and program completion. (Check all that apply)*Checked answers*

- Mentor documents his/her inductee's involvement in the program.
- A designated administrator receives, evaluates and archives all mentor records.
- School/LEA maintains accurate records of program completion and provide a certificate or statement of completion to each inductee who has completed the program.
- LEA administrator receives, tallies, and archives all LEA mentor records.
- Completion is verified by the LEA Chief Executive Officer on the Application for Level 2 Certification.

### Consolidation of Funds

Please indicate if your school/charter is consolidating state, local, and federal funds. (Your school/charter must keep on file an approval letter from your Regional Coordinator).

No, the school does not intend to consolidate the funds.

# Needs Assessment

---

## Charter School Accomplishments

### Accomplishment #1:

---

Our PSSA scores in 2018 increased by over 4 points in Math and by almost 6 points in ELA!

### Accomplishment #2:

---

We are extremely proud of our 7th graders who grew 17% in the 2017-2018 PSSA(ELA). Also, our 5th graders grew 14% in the 2017-2018 PSSA (Math).

## Charter School Concerns

### Concern #1:

---

While we are making progress, our scores on PSSAs are not yet where they need to be.

Math	Reading	Science

# Charter School Level Plan

---

## Action Plans

**Goal #1:** Establish a system within the charter school that fully ensures the consistent implementation of effective instructional practices across all classrooms.

### Related Challenges:

- Ensure that there is a system within the school that fully ensures consistent implementation of effective instructional practices that meet the needs of all students across all classrooms and aligns with the Pennsylvania Framework for Teaching

### Indicators of Effectiveness:

Type: Annual

Data Source: Teacher observations, benchmark scores, MVAS scores, and Mid-Year and End-Of Year-Reviews

Specific Targets: All teachers will receive evaluations that are satisfactory or better. Teachers identified for Professional Improvement Plans will meet the goals of the plan.

### Strategies:

*Provide effective professional development to train and support staff*

#### Description:

Implement a professional development plan using best practices that results in improved student achievement.

Mastery's PD plan is comprised of 4 key programs:

- Teacher Orientation
- Weekly PD
- Team Meetings
- Individualized Teacher Coaching

**SAS Alignment:** Instruction

## *Response to Instruction and Intervention (RtII) - Reading*

### **Description:**

We are implementing Response to Instruction and Intervention (RtII) reading interventions. According to the Pennsylvania Department of Education's website, RtII "refers to the use of a standards-aligned, comprehensive school improvement and/or multi-tiered system of support for implementing PA's Standards Aligned System (SAS).

RtII interventions include the Systematic Instruction in Phonological Awareness, Phonics, and Sight Words program (SIPPS), Foundations, and the Fountas & Pinnell Leveled Literacy Intervention (F&P LLI). All interventions are research-based programs that will help to close the achievement gap between our underperforming students and their higher-performing counterparts. To identify students who should participate in these interventions and assign them to tiers, we use a report created by our central office. This report uses performance data from literacy assessments, including the Fountas & Pinnell literacy assessment, benchmark testing, and the PSSA Reading assessment. We also use qualitative data collected by reading instructors regarding specific reading skill deficits.

Based on their performance on these assessments, students are assigned to one of the following three RtII tiers.

- **Tier I:** This is the lowest level intervention. These students participate in the typical academic program.
- **Tier II:** These students participate in Foundations or SIPPS (depending on reading need).
- **Tier III:** These students participate in the Fountas & Pinnell Leveled Literacy Intervention in small groups.

**SAS Alignment:** Standards, Assessment, Curriculum Framework, Instruction, Materials & Resources

## *Response to Instruction and Intervention (RtII) - Math*

### **Description:**

We are implementing Response to Instruction and Intervention (RtII) math interventions. RtII interventions include the Do the Math Now program (DTMN) and the intervention components of the enVision math programs. All interventions are research-based programs that will help to close the achievement gap between our underperforming students and their higher-performing counterparts. To identify students who should participate in these interventions and assign them to tiers, we use a report created by our central

office. This report uses performance data including the STAR math assessment, benchmark testing, and the PSSA Math assessment.

Based on their performance on these assessments, students are assigned to one of the following three RtII tiers.

- **Tier I:** This is the lowest level intervention. These students participate in the typical academic program.
- **Tier II:** These students will receive differentiated instruction in the regular classroom setting, using enVision math materials.
- **Tier III:** These students will receive DTMN in place of enVision math.

**SAS Alignment:** Standards, Assessment, Curriculum Framework, Instruction, Materials & Resources

### *Smaller Class Sizes*

**Description:**

We hire additional Math and English Language Arts teachers to keep class sizes smaller.

**SAS Alignment:** None selected

### *Implementation Steps:*

#### *Individualized Teacher Coaching*

**Description:**

Teachers are observed frequently and receive feedback as a result of every observation. Struggling teachers and teachers focused on developing additional skills receive individualized ongoing coaching from master teachers and administrators.

Indicator of Implementation: Teacher feedback

**Start Date:** 8/27/2014    **End Date:** 6/30/2022

**Program Area(s):** Professional Education, Teacher Induction

**Supported Strategies:**

- Provide effective professional development to train and support staff

*Teacher Orientation***Description:**

Teacher orientation lasts ten days and offers a wide range of topics.

Indicator of Implementation: Teacher sign in sheets/orientation materials

**Start Date:** 8/27/2014    **End Date:** 6/30/2022

**Program Area(s):** Professional Education, Teacher Induction

**Supported Strategies:**

- Provide effective professional development to train and support staff

*Team Meetings***Description:**

Team meetings occur during the academic day and during Wednesday PD time. The topics are focused on instruction that is relevant to the subject matter taught by the team. Topics may focus on a particular standard or instructional issue.

Indicator of Implementation: Meeting materials (e.g., handouts, meeting minutes)

**Start Date:** 8/27/2014    **End Date:** 6/30/2022

**Program Area(s):** Professional Education, Teacher Induction

**Supported Strategies:**

- Provide effective professional development to train and support staff

### *Weekly Professional Development*

**Description:**

Weekly professional development sessions occur every Wednesday for two hours.

Indicator of Implementation: Staff sign in sheet

## **Affirmation for Compliance with the Public Official & Employee Ethics Act**

The original Public Official and Employee Ethics Act (the “Ethics Act”) was amended and reenacted in 1989 by Act 9 of 1989 and in 1998 by Act 93 of 1998. (See Act 9 of 1989, 65 P.S. §401, et seq. and Act 93 of 1998, Chapter 11, 65 Pa.c.s. §1101 et seq.) The Act provides that public office is a public trust and that any effort to realize personal financial gain through public office is a violation of that trust. The Act was passed to strengthen the faith and confidence of the people of the Commonwealth in their government. The Act established the State Ethics Commission to administer and enforce the provisions of the Act and to provide guidance regarding the standards established by the Act.

The Mastery CS - Francis D. Pastorius Elementary assures that it will comply with the requirements of the Public Official and Employee Ethics Act (the “Ethics Act”) and with the policies, regulations and procedures of the Pennsylvania State Ethics Commission. Additional information about the “Ethics Act” is available on the Ethics Commission’s website at:
