

March 24, 2020

Mastery Families,

I'd like to update you on our school closure. As you know, the situation is changing day by day. Yesterday, Governor Murphy extended the school closure until further notice. So, **Mastery schools in Camden will remain closed until we receive updated notice from Governor Murphy.** That could happen very soon or some time from now, we will see.

Spring break will occur as previously scheduled (April 10 & April 13 through April 17). During spring break, staff will also be on vacation and will not be making their regular HAP calls home. We encourage you to keep your child's daily academic schedule through the break. By the time spring break arrives, you should have received our mailing with your child's HAP learning packet. Between the online resources and the packet, there will be plenty of learning to do.

Thank you for all the back and forth communication between students and staff. The Mastery community has really come together during this crisis. Click [here](#) for a wonderful video message from Pickett staff to their students. And to brighten your day, here are two Mastery Prep Elementary students engaging in Home Academic Practice:
